

Flight Training Center Affiliate Program

crewlounge
AERO

We

CrewLounge AERO is a modular software platform for pilots and cabin crew.

CrewLounge SHOP is our pilot supplies and aviation gear store.

You

You are a successful **Flight Training Center** offering modular or integrated programs to air cadets.

1+1 = 3

The outcome of working together is always greater than what we can both achieve alone. We therefore offer a **zero-cost affiliate partnership** with the following keypoints:

- Free logbook software license for your instructors
- Free logbook software license for your student pilots
- Permanent discount on CrewLounge SHOP
- Starter Kit for all air cadets
- Social Media support

About us

CrewLounge AERO is a leading software suite, used daily by tens of thousands of pilots and flight attendants around the world. **CrewLounge AERO** comes with different modules, and houses its own pilot supplies store **CrewLounge SHOP**.

CrewLounge AERO is a service from MCC, a private software company with 30 full-time employees. MCC is headquartered in Belgium, having offices in Europe and Asia.

PILOTLOG

CrewLounge PILOTLOG is the world's leading pilot logbook. Pilots across the globe rely on this solid logbook, every day again. **CrewLounge PILOTLOG** is the only electronic logbook to run on all platforms (iOS, Android, macOS, MS Windows). The app prints 80 international logbook formats and more than 150 stunning reports and maps.

PILOTLOG imports live data from the ADS-B network and connects to more than 100 different crew management systems. We can also import flight data from the system use by your center.

SHOP

CrewLounge SHOP is our pilot supplies and aviation gear web-shop, with a physical store located at Antwerp Deurne (EBAW) airport. **CrewLounge SHOP** offers a variety of nearly 500 different products.

SHOP delivers quality products to thousands of customers in Europe and other continents.

DOCS

CrewLounge DOCS is a secure document management system keeping track of your personal documents, qualifications, certificates and endorsements. Crew members can upload a copy of the latest classroom training, simulator check, training flight, etc. Have all documents at hand wherever you are, whenever you need.

Instructors can electronically endorse students. Share documents with other crew members or with the company for license renewal.

CONNECT

CrewLounge CONNECT is a very popular roster calendar app used by tens of thousands of airline pilots and flight attendants. **CONNECT** imports flight data from more than 450 airline companies worldwide. Each and every connection to these airlines is developed by our team.

BLUE

CrewLounge BLUE is a compact electronic flight bag for small and medium size aviation companies. Crew members prepare the flight with the latest weather, notam, payload and company notes. Log actual block hours, fuel, cargo payload, delay codes, and sync all data back to the company main server.

FLY

CrewLounge FLY is an electronic aerodrome logbook to log all airfield movements. Airfield duty managers can follow-up on all airfield traffic remotely.

Pilots can sign the aerodrome journey log without actually leaving their aircraft. Register your visit straight from the mobile phone and pay landing taxes and other services with credit card straight from the app to the account of the aerodrome.

CLUB

CrewLounge CLUB is an aircraft reservation and management tool for small and medium sized companies, aeroclubs and shared aircraft owners. Members of the club book a reservation on an aircraft for the weekend, straight from their mobile phone or desktop computer.

After flight, members register actual hours and maintenance defects, and pay for aircraft rental and refueling with credit card, straight from the phone.

ACADEMY

CrewLounge ACADEMY is a series of books and electronic apps for air cadets, flight instructors and professional pilots. Whether you want to study math and physics, or prepare for your Boeing 787 system quiz.

We can add all theoretical tests for your flight training center to **CrewLounge ACADEMY**.

Affiliate Program

CrewLounge AERO offers a zero-cost affiliate program to flight training centers, aviation training organizations and flight academies around the world.

We

We offer you the following privileges:

Software:

- all instructors working for your organization receive a free ENT (Enterprise) user license for the **CrewLounge PILOTLOG** logbook software. You can manage these licenses yourself through a control panel.
- all air cadets following a training program at your organization have free access to the STD (Student) edition of **CrewLounge PILOTLOG**. No administration on your end, all students can register themselves.
- all training flights can be synchronized automatically with your current planning software
- instructors can endorse all training flights electronically

Shop:

- all students receive a fixed discount on all goods from **CrewLounge SHOP**
- you receive a mass-discount on the Starter Kit for your new students. Compose your student flight bag from the **CrewLounge SHOP** store and we offer you the lowest price.
- we can provide you with uniforms and jackets for all students and instructors (e.g. Olino)

Social Media:

- we feature your flight training center through our social media channels and news post
- your flight training center is listed on our website as partner

You

All privileges are free of charge! The only thing we ask from you, is to promote **CrewLounge PILOTLOG** among your students and through your social media channels and news blog.

There are no obligations for your students, should they still prefer using another logbook provider. There are no commitments for your organization. You can step-out the agreement at any time, without any period of notice.
